Asha Verma

Aspiring backend engineer | asha.verma@example.com

Skills

Skills: Python, REST APIs, SQL, pytest, Docker

Projects

Student API - github.com/sranjit29794-bit/student-api

Built REST endpoints with FastAPI for managing users.

Wrote SQL queries to store and read user data.

Added unit tests with pytest.

Containerized the service with Docker for deployment.

Education

B.Tech Computer Science, Example University (expected 2027)
